

## Advice For The Tired Women

Is it a headache, a backache, a sensation of irritability or twitching and uncontrollable nervousness? Something must be wrong with the head or back, a woman naturally says, but all the time the real trouble very often centers in the woman's organs. In nine cases out of ten the seat of the difficulty is here, and a woman should take rational treatment for its cure. The local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically.

Dr. Pierce, during a long period of practice, found that a prescription made up of the active medicinal principles of native American roots, extracted by the use of chemically pure glycerine, cured over ninety per cent. of such cases. After using this remedy for many years in his private practice he put it up in a form that would make it easily procurable, and it can be had at any store where medicines are handled.

You are not asked to close your eyes to what is in this (R) prescription of Dr. Pierce. He tells you all about it and puts a label with all the ingredients upon the bottle—they are Lady's Slipper root, Golden Seal root, Black Cohosh root, Unicorn root, Blue Cohosh root and triple-refined glycerine. These various ingredients are all extolled and recommended by various medical authorities. Thus F. Ellingwood, M. D., of Bennett Medical College, Chicago, says of Lady Slipper root: "exercises special influence upon nervous conditions depending upon disorders of female organs; relieves pain," etc.

Prof. John King in the American Dispensary, says of Black Cohosh root: "This is a very active powerful and useful remedy. By its special affinity for the female organs it is an efficient agent for suppression. In dysmenorrhea (painful periods), it is surpassed by no other drug, being of greatest utility in irritative and congestive conditions, characterized by dragging down pains. The same author says of Blue Cohosh that it has enjoyed a well-merited reputation for when used by delicate women it gives tone and vigor to the parts and relieves much pain." Prof. Hale says "It controls chronic inflammatory states of the (female) organs and gives tone in cases of debility."

Dr. John Fyfe, of Saugatuck, Conn., says of Unicorn root (*Helonias Dioica*) one of the chief ingredients of Dr. Pierce's Favorite Prescription: "A remedy which invariably acts as a uterine invigorator and always favors a condition which makes for normal activity of the entire system, cannot fail to be of great usefulness and of the utmost importance to the general practitioner of medicine."

"In *Helonias* we have a medicament which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Aching from head to foot—that is the condition that afflicts some women at certain periods—backache, dizziness, and pains almost unbearable. An honest and safe remedy which no woman can fail to lose the opportunity of trying for the cure of these distressing complaints which weaken a woman's vitality is Dr. Pierce's Favorite Prescription—an honest medicine which has the largest number of cures to its credit and a deserved popularity for two score years all over the United States.

Dr. Pierce's Pleasant Pellets cure biliousness, sick and bilious headache, dizziness, constiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

Persons who are subject to any of these troubles should never be without a vial of the "Pleasant Pellets" at hand. In proof of their superior excellence it can truthfully be said that they are always adopted as a household remedy after the first trial.

One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, antibilious granules, scarcely larger than mustard seeds.

## SIMPLE HOME-MADE REMEDY

Hundreds of People in Vicinity Here Will Welcome This Advice.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of backache or kidney or bladder derangement, in the following simple prescription, if taken before the stage of Bright's disease:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

### His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by J. H. Williams Druggist.

Rev. J. D. Hocker is Improving. The Louisville Times says: "The Rev. J. D. Hocker, prohibition nominee for Lieutenant Governor, who was taken to the Beechhurst sanitarium suffering from a nervous and mental breakdown, due to overwork, is reported to be much better. His physical condition is good and

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

"It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and one dollar bottles are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Ely Brothers, 54 Warren Street, New York.

the physicians at the sanitarium believe that he will regain his normal condition mentally within a few weeks.

His condition is attributed by his physicians to overwork, as he had five small pastorates in his charge, and was making as active a canvas in his political race as possible. Mr. Hocker presided over the prohibition convention at which the nominees were chosen.

### Kentucky's Oldest Democrat.

The oldest Democrat in Kentucky was in Frankfort yesterday. He is Dr. James A. Speer, of Oldham county, grandfather of George G. Speer, of Auditor's office. Dr. Speer is ninety-nine years of age and still is hale and hearty, being erect of carriage and spry as a man twenty years his junior says the Kentucky State Register.

He boarded the train at Lagrange yesterday morning and made the trip to this city by himself. He was met here by George Speer and put in a buggy and sent to Alton, where his son, and George Speer's father, resides. He will make a visit there.

Dr. Speer says throughout his long life he has never scratched the Democratic ticket, and has always voted it from top to bottom, and he is hoping that he will be given the opportunity this fall to vote once more under the rooster for the splendid ticket named by the Democrats.

So hale and sprightly does the aged gentleman appear that predictions are being freely made that he will go far past the century mark. It is believed that he is easily the oldest Democrat in the State.

### This Gray Old World.

A certain man was once permitted to make the world over to suit himself; the world and that in it was.

And when he was done, he stood back and surveyed his work and exclaimed: "A paradise! Ah, truly, a paradise!"

But at the end of a week he was found dead, and the verdict of the Coroner's jury was that he had been bored to death.
